

C6: Checking the function of free delivery granting

Type	Priority	Estimate	References
Functional	High	None	None
Automation Type			
None			

Preconditions

1.The user is on the view of the shopping cart, to which a product with a value of less than 500 PLN has been added. 2.The user is not logged in.

Steps

1	The user increases the number of products so that the value of the order exceeds 500 PLN.	<div>1 With the update of the Cart value, the user is informed about the missing value to reach the free delivery threshold. The information appears in the form of a dynamic "toast message" updating the missing value of free delivery.</div> <div>2.When the order value threshold exceeds 500 PLN, a toast message appears on the screen informing the user of receiving free delivery. It cannot be closed with the "x" button. The toast message automatically disappears after 3 seconds.</div>
